The role and responsibilities of the Board are listed in the Company's Board Charter, which can be found under the Governance tab on the Company's website at www.karoonenergy.com.au.

1.2 Composition of the Board

During the reporting period, the Board was constituted by six (6) Directors, the majority of whom were independent Non-Executive Directors. The skills, experience and expertise relevant to the position of each Director who was in office at the date of the Annual Report and their term of office are detailed in the Board of Directors section of the Directors' Report in the Annual Report. As part of the Company's commitment to ongoing professional development, Directors may participate in the Company's professional development program.

The Company's Chairman is an independent Non-Executive Director.

The composition of the Board is reviewed on an ongoing basis having regard to the growth of the Company's business.

The Board considers that the Directors have the range of skills, knowledge and experience necessary to direct the Company effectively. The Non-Executive Directors contribute operational and international experience, an understanding of the industry in which the Company operates, knowledge of financial markets and an understanding of the health, safety, environmental and social matters that are important to the Company. The Chief Executive Officer and Managing Director brings an additional perspective to the Board through a thorough understanding of the Group's business as a whole.

It is noted that Mr Tadeu Fraga is to commence as a Director on 26 August 2022.

A Board skills matrix for the current Board is set out below:

1.3 Independence of Directors

When determining the independent status of a Director, the Board has adopted the definition of independence as set out in the ASXCGC Recommendations 4th Edition. Accordingly, when determining the independence of a Non-Executive Director, the Board considers whether the Director:

- is, or has been, employed in an executive capacity by the Company or any of its subsidiaries and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- receives performance-based remuneration (including options or performance rights) from, or participates in an employee share incentive scheme of the entity;
- is, or has been within the last three years, in a material business relationship (e.g. as a supplier, professional adviser, consultant or customer) with the Company or any of its subsidiaries, or an officer of, or otherwise associated with, someone with such a relationship;
- is, represents, or is or has been within the last three years an officer or employee of, or professional adviser to, a substantial holder;
- has close personal ties with any person who falls within any of the categories described above; or
- has been a director of the entity for such a period that their independence from management and substantial holders may have been compromised.

In each case, the materiality of the interest, position, association or relationship is assessed by the board to determine whether it might interfere, or might reasonably be seen to interfere, with the Director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company as a whole rather than in the interests of an individual security holder or other party.

During the reporting period the Non-Executive Directors of the Company were Mr Bruce Phillips, Mr Clark Davey, Mr Peter Turnbull, Ms Luciana Rachid and Mr Peter Botten.

During the reporting period, these Non-Executive Directors were considered to be independent based on the above criteria.

Mr Davey was a taxation services partner at PricewaterhouseCoopers ('PwC'), Karoon's External Auditor, from 1994 to 2006 and is entitled to receive payments from PwC as part of a retirement plan. The payments are based on a set formula relating to his partnership and tenure with PwC. The amount is fixed and not dependent on the revenues, profits or earnings of PwC. The Board is satisfied that this does not affect Mr. Davey's independence as a Non-Executive Director, nor does it constitute a conflict of interest and complies with the *Corporations Act 2001* (Cth). The Board has put in place appropriate safeguards to address any perceived conflicts of interest if they should arise. In addition, the Board considered whether Mr Davey's independence had been compromised as a result of him having been a director of the Company for more than 10 years. In connection with this, it was determined that each Non-Executive Director is "independent".

1.4 Selection and Appointment of Directors

The ongoing composition of the Board is overseen by the Board, which has specific responsibility for:

- reviewing the Board Skills Matrix to assess whether it covers the skills, knowledge, experience, independence and diversity needed to address existing and emerging business and governance issues relevant to the Company;
- reviewing processes and succession plans to select, appoint, re-appoint or remove members of the Board;
- reviewing and approving the Company's remuneration framework for directors, including the process by which any pool of director's fees approved by shareholders is allocated to directors;
- ensuring there is a written agreement for each director;
- reviewing induction and continuing professional development programs for directors, in particular ensuring directors receive ongoing briefings on developments in accounting standards;
- assessing the time required from non-executive directors and whether such time requirements are being met and assessing any other directorships or positions with significant time commitments before accepting new appointments as director of listed entities; and
- an internal annual performance review, and an independent five yearly review, of the Board, Committees and Directors.

Non-executive directors are required to inform the Chair of the Board and the People, Culture and Governance Committee of other material directorships or positions with significant time commitments before accepting new appointments as directors of listed entities.

The procedure for selecting and recommending candidates for appointment or re-appointment as Directors can be found in the Board Charter, which can be found under the Governance tab on the Company's website at www.karoonenergy.com.au.

As part of the selection process:

- appropriate checks are carried out;
- shareholders are provided with all material information relevant to the election and re-election of Directors;
- on appointment, a written agreement is entered into; and
- an induction program is carried out for new Directors.

1.5 Review of Board, Director and Senior Executive Performance

Performance evaluations of the Directors were undertaken in accordance with the Performance Review Policy.

Karoon's senior executives, which includes the Chief Executive Officer and Managing Director, are subject to an annual performance evaluation. Each year, senior executives establish a set of performance targets with his or her superior. These targets are aligned to overall business goals and Karoon's requirements. In the case of the Managing Director, the targets are established by the Board. Each senior executive has a written agreement describing their responsibilities. Performance evaluations for senior executives have taken place during the annual reporting period, in accordance with the process described in the Performance Review Policy.

The Performance Review Policy for the Board and senior executives can be found under the Governance tab on the Company's website at www.karoonenergy.com.au.

2. Operation of the Board

The Board meets at least six times annually with additional Board and Committee meetings, if and when required, to discuss specific matters.

The Board met eleven (11) times during the period from 1 July 2021 to 30 June 2022.

2.2 Independent Advice

Directors may seek any independent professional advice they consider necessary to fulfil their responsibilities and to exercise independent judgment when making decisions. If the Chairperson of the Board consents, the Company will pay a director's costs of seeking independent professional advice. That consent may not be unreasonably withheld or delayed.

2.3 Company Secretary

The Company Secretary is appointed (or removed) by the Board or with Board approval. Each director is able to communicate directly with the Company Secretary and vice versa. The responsibilities of the Company Secretary include:
