

## ASX RELEASE

16 September 2024 | ASX: KAR

### Who Dat restarts operations after Hurricane Francine

LLOG, Operator of the Who Dat assets, has advised that the Who Dat Floating Production System (FPS) safely resumed operations from 12 September 2024 US Central Daylight Time (CDT). While not on the direct anticipated path of Hurricane Francine, the Who Dat facility and wells were shut in and personnel evacuated on 10 September US CDT as a standard precautionary measure.

Following the hurricane's passage and an inspection of the FPS and wells, LLOG restarted production operations, with full ramp-up of production expected to take several days. Drilling of the Who Dat South exploration well, MC-545-1 (LLOG), has also resumed.

This announcement has been authorised by the CEO and Managing Director of Karoon Energy Ltd.
